

ONLINE EVENT: MONDAY MARCH 25, 6:30-8 PM

GENDER DEVELOPMENT IN EARLY CHILDHOOD & ADOLESCENCE

**With JOEL BAUM
Director of Education at
The Child & Adolescent Gender Center at UCSF**

Gender has morphed from *are you a boy or a girl?* to a question that is much more complex. If you are hoping to more fully understand this changing landscape, join us for an informative session with **Joel Baum**, director of education at the Child & Adolescent Gender Center at UCSF. He will help us get gender literate, from the importance of pronouns to understanding what it means to be non-binary, to how gender develops and how we can best support our children and their friends in being their most authentic selves. We will have a parent perspective, a former student perspective, and time for Q&A. This is a webinar format, so attendance is anonymous.

Register for the event [here](#). Submit questions [here](#). To join the Zoom, go [here](#) (password: 297536)

Sponsored by the PTAs of Barron Park, JLS, Ohlone and Walter Hays
